

Almamlaka TV Digital Expansion Initiative

Project Overview Document

1. Introduction

Almamlaka TV is launching a new initiative called the Digital Expansion Initiative (DEI), aimed at modernizing the channel's digital presence across streaming, mobile, and social platforms. This document outlines the project's scope, goals, and key stakeholders.

2. Project Goals

The primary goal of the DEI is to increase digital viewership by 40% within the first year of launch. Secondary goals include improving content discoverability, modernizing the mobile application, and establishing a unified content management system across all platforms.

3. Key Details

Project Lead: Sara Al-Rashid

Total Approved Budget: \$2,400,000

Planned Launch Date: March 15, 2027

Project Duration: 14 months

4. Platform Scope

The initiative covers three main platforms: the Almamlaka TV mobile application (iOS and Android), the web streaming portal, and integration with third-party smart TV platforms. Each platform will receive a redesigned user interface aligned with the updated Almamlaka TV brand guidelines.

As part of the accessibility improvements, the mobile application will support content and subtitles in 12 languages, including Arabic, English, French, and Spanish, with plans to expand to additional languages in future phases.

5. Stakeholders

The project is sponsored by the Almamlaka TV Digital Strategy Department and overseen by a steering committee consisting of representatives from Engineering, Content, Marketing, and Legal & Compliance.

6. Success Metrics

Success will be measured through monthly active users (MAU), average session duration, app store ratings, and content engagement rates. A quarterly review will be conducted by the steering committee to track progress against these metrics.
